# TECHNO SURG

## Greetings from GEM HOSPITALS

It is our privilege to invite you to GEM TECHNOSURG 2026. As surgical practice continues to evolve with the integration of Artificial Intelligence, robotic platforms, and advanced imaging technologies, there is an increasing need for structured learning and hands-on exposure.

Surgery is no longer defined by technique alone, but by technology and insight."

TECHNOSURG 2026 is designed as a focused academic platform featuring renowned national and international faculty, delivering expert-led sessions, panel discussions, and immersive training experiences.

The conference will highlight the practical application of emerging technologies, enabling participants to integrate these advancements into everyday surgical practice. A key component of the program includes robotic simulation and skill-based training modules, providing an opportunity for participants to gain direct experience in a guided environment.

We invite you to be part of this academic initiative and engage with the future direction of surgery.

**Dr. C. PALANIVELU**

Chairman, GEM Hospitals

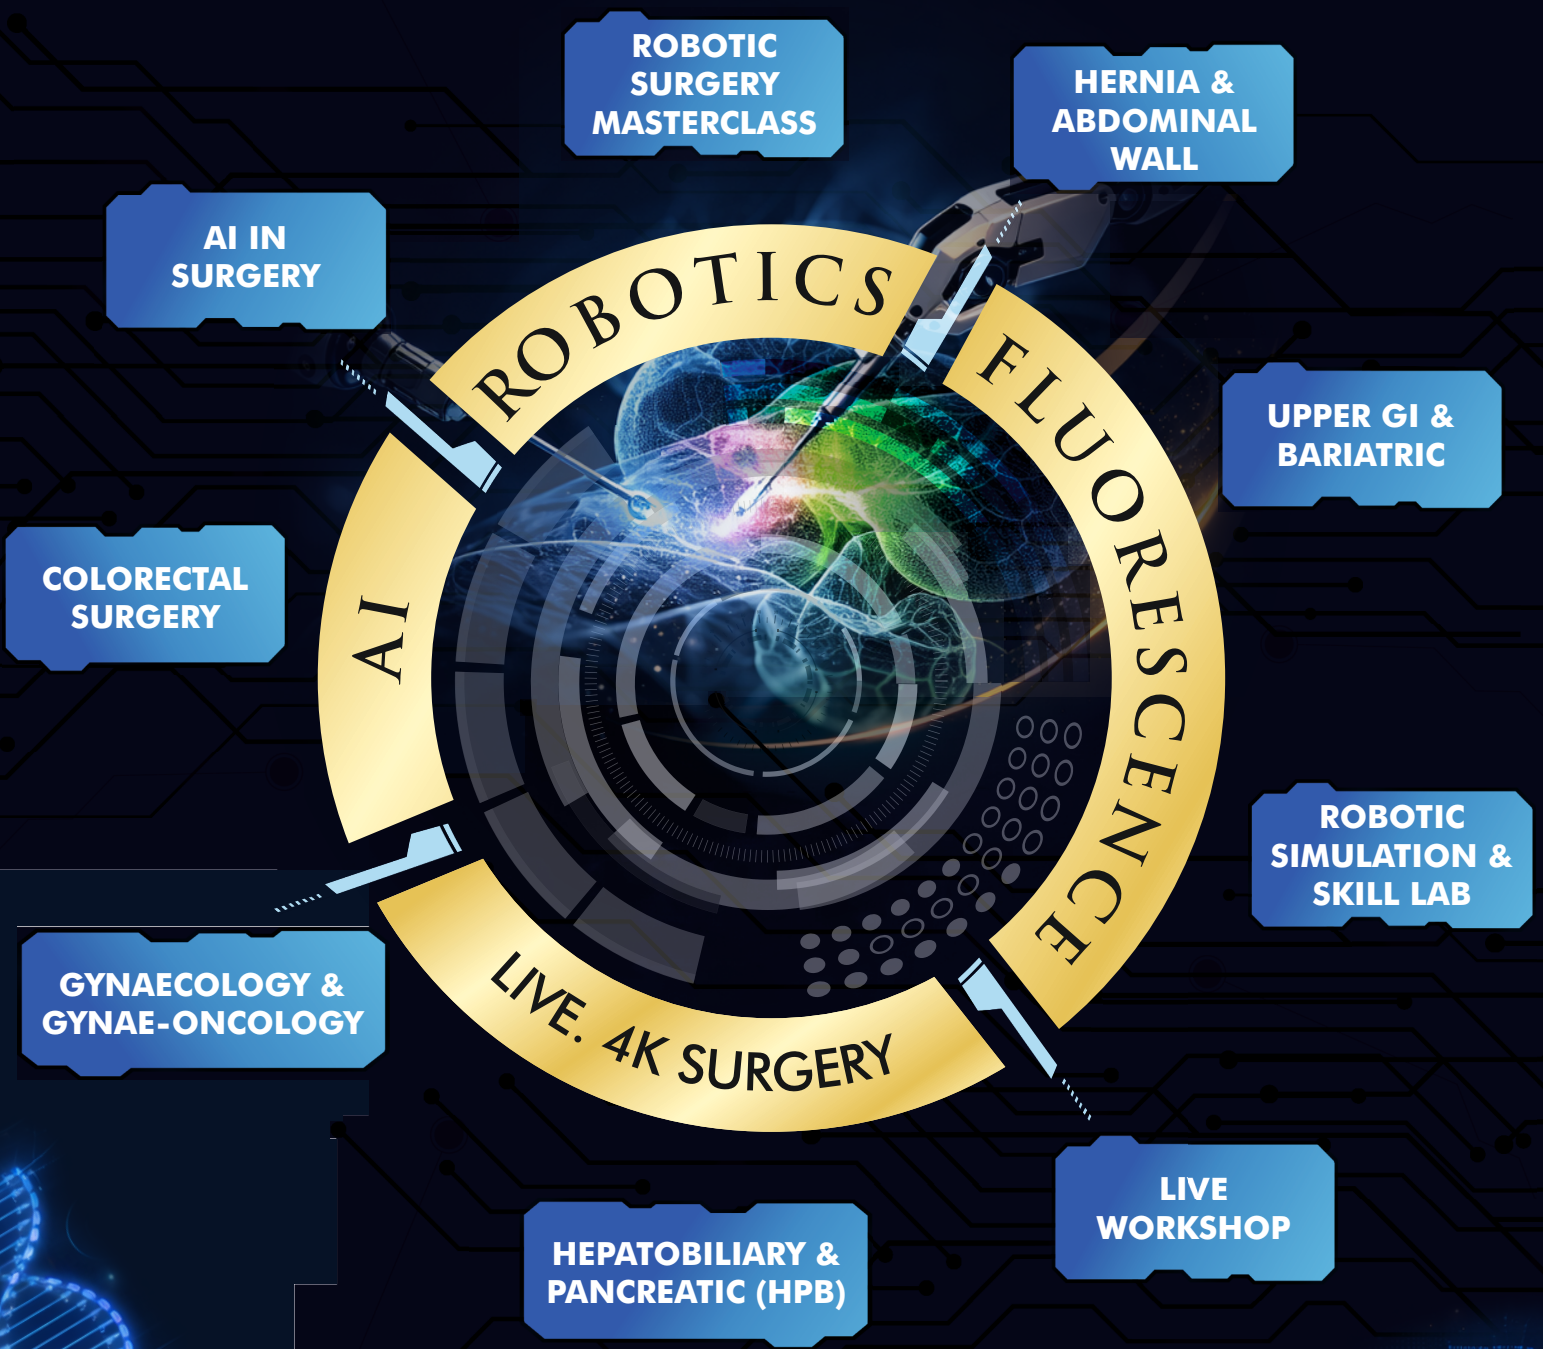

# FOR WHOM?

- General Surgeons • Surgical Gastroenterologists
- Surgical Oncologists • Gynaecologists
- Minimal Access & Robotic Surgeons

## SCIENTIFIC PROGRAM

# THE SURGICAL DEBATE FORUM

Experience expert discussions that challenge established surgical approaches while exploring innovations shaping modern practice.

►►► TECHNIQUES    ►►► PERSPECTIVES    ►►► EVIDENCE

**TECHNOLOGY vs TECHNIQUE**  
What Matters More?

**ROBOTIC SURGERY**  
Precision or Price ?

**AUTONOMOUS SURGERY**  
Reality or Risk?

**SURGERY 2035**  
Will Surgeons Lead or Be Replaced?

**BORDERLESS SURGERY**  
Can Geography Become Irrelevant?

# Beyond a Conventional CONFERENCE

## ▶▶▶ CAPTURE. EDIT. PRESENT.

Master the essentials of surgical video documentation and presentation to elevate your academic and professional visibility

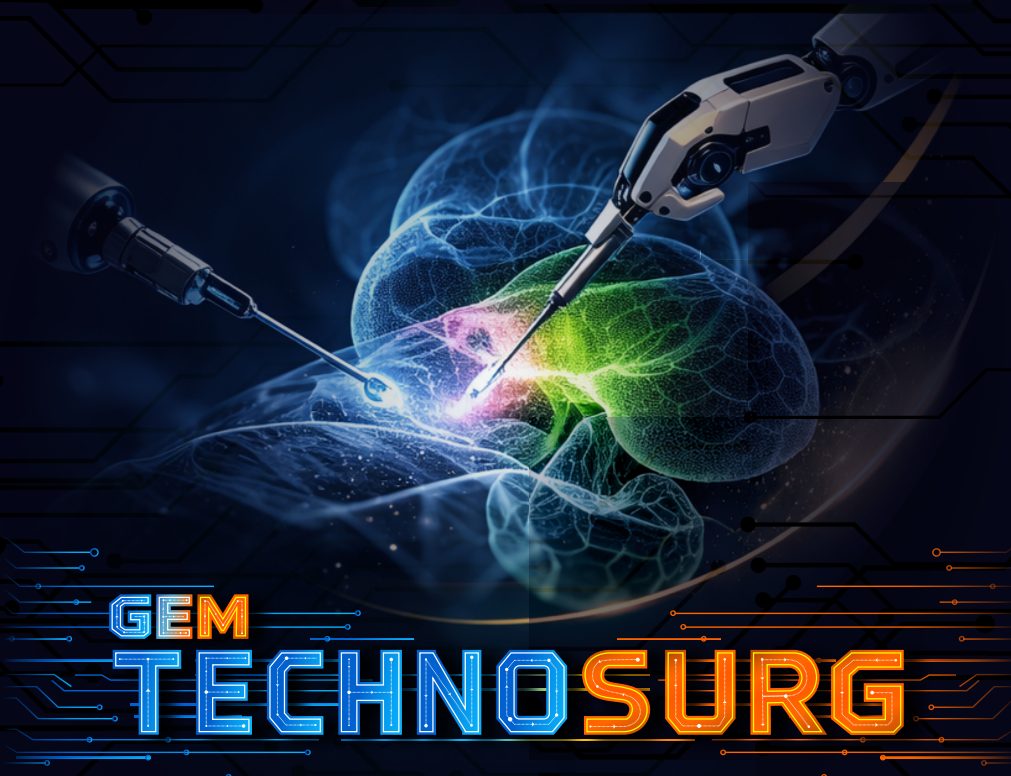

Special Registration:

**PER DELEGATE: ₹ 2000/-**

**Dr. C. PALANIVELU**

## BEST VIDEO AWARD

Featuring exceptional Surgical Videos from leading surgeons worldwide, with the finest entries selected for recognition.

# World-Class SURGICAL TECHNOLOGY on Display

Explore cutting-edge Instruments, Robotics, Imaging &  
Digital Health Innovations from leading global manufacturers.
